LUXE TAPPED TALENTED LOCAL DESIGNERS FOR THEIR BEST SOURCES AND RECOMMENDATIONS TO SHINE A LIGHT ON SOME OF SOUTH FLORIDA'S FINEST OFFERINGS IN ART AND DESIGN

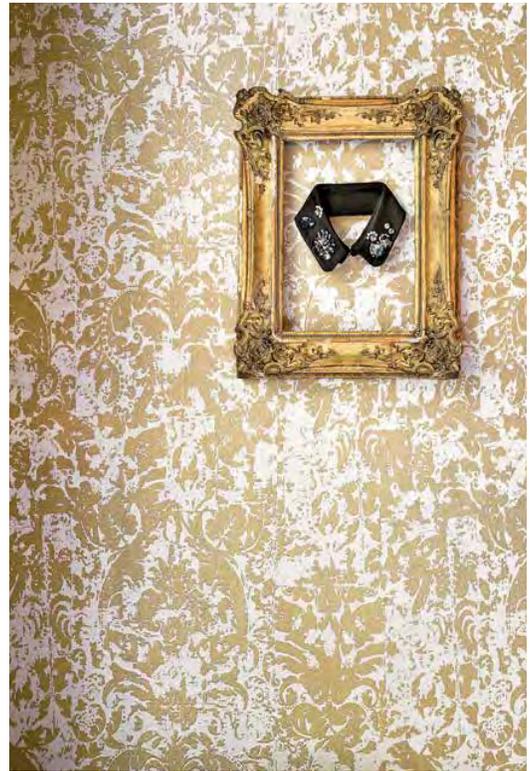

"My favorite galleries in Palm Beach are Wally Findlay Galleries, Arcature Fine Art and Gallery Biba. Ryan Ross of Arcature is well-informed and curates some of the best contemporary pieces in the fine art world. We also love working with art consultant Janet Schwartz-O'Leary in Connecticut who makes the most beautiful art in the country available in our own backyard."  
 —LORRAINE ROGERS-BOLTON

"The Michael Jon Gallery, which just expanded to Detroit, exhibits global art in Miami's up-and-coming Little Haiti neighborhood. I am mesmerized by the owners' mix of installation and canvas pieces. It's a best-kept secret for art enthusiasts. Co-owner Alan Gutierrez is an exceptional artist himself, who travels the world seeking new talent."  
 —REGINALD DUNLAP

"My go-to art source is the ever-surprising Gavlak Gallery on Worth Avenue in Palm Beach: They focus on emerging artists across different mediums from all over the world. Jeremy Lyon is the director there and a valued art purveyor in the area. I always walk away from his space with new insight on interesting and exciting art."

## THE WALLPAPER COMPANY

**When did you open up shop?** We expanded to our new and improved South Miami showroom located at 7003 N. Waterway Dr. in August 2015. **Why did you choose Coral Terrace for your new location?** It is an area that we had always targeted and kept an eye on due to its proximity to the highly desirable and design-intelligent communities of Coral Gables, Pinecrest, Palmetto Bay, Doral and other neighborhoods in South/West Miami. We felt that these markets were being severely undeserved, as there is a considerable lack of specialty wallpaper showrooms operating in the greater area. **Describe your design and vision for the space.** We wanted to create a place in which our customers would feel empowered about their wallpaper decisions and be inspired by all of the offerings on display. **What products do you have on the floor?** All types of wallcoverings—wallpaper, vinyl, textile, mica, grass cloth and so much more. We carry brands like Donghia, Osborne & Little and Farrow & Ball, to name just a few. [wallpapercompanysop.com](http://wallpapercompanysop.com)

### COLLABORATION ARTEFACTO & JADER ALMEIDA

When Artefacto founder Paulo Bacchi came across Brazilian furniture designer and like-minded visionary Jader Almeida, he knew he had met his match. Almeida's pieces, such as the Isa armchair above, with its curvy silhouette and modern lines, share in the brand's ethos of simplicity in form. The pair teamed up to bring these pieces to Miami, in a first-ever U.S. collaboration, setting up a "shop-in-shop" that now holds a permanent spot at Artefacto's Biscayne Boulevard location. The curated collection showcases Almeida's distinctive offerings: 1960s-inspired furniture, minimal lighting, natural wood and mixed-metal trays, and his signature cork and marble stools.
